In accordance with Local Law No. 1-1992 the applicant agrees to pay all costs for engineering review incurred by the Town in connection with the review of this subdivision. The costs for such review will be periodically deducted from the monies on deposit. In the event that the Town determines at any time that the amount on deposit is insufficient to complete the engineering review, the applicant shall be so notified and shall then deposit such additional sums as the Town shall determine. The applicant shall deposit with the Town such additional sums as required immediately upon receiving notification. All engineering reviews will be suspended and final approval will not be granted until additional fees have been deposited. Following final approval by the Town Planning Board and remaining monies on deposit with the Town will be refunded to the applicant.
